 Jones, Dr. John, Wenallt, Dolgelley.
 Jones, Dr. Hugh, Caerffynon, Dolgelley.
 Jones, Dr. J. Pughe, Fronygraig, Barmouth.
 Maude, Dr., Bontddu.
 Myles, Dr. John, Froheulog, Dolgelley
 Williams, Dr. J. O., Bryn, Barmouth.
 Williams, Dr. David, Bryn, Barmouth.

Annual Report 1927.

—◆—
GENERAL.

The past Year, has, in many ways been very satisfactory though the temporary absence of the Secretary through illness has to be deplored.

The number of patients treated in the Hospital has now passed 400.

Many eulogistic letters have been received from them and one from the Hon. Mrs. Brodrick, who was lately taken into the General Ward in consequence of a motor accident, is typical. She wrote "I cannot sufficiently praise the Matron of your Cottage Hospital and her Nurse. Nothing could have been kinder nor more thoughtful. What a nice Hospital too. Will you accept the enclosed cheque towards its Fund and express my appreciation to the Committee."

The weekly Contribution Scheme is now more widely supported. When it is really grasped what an "economic insurance" it is against expense during illness, few can fail to be subscribers.

In the Annual Report for 1925 attention was drawn to the want of a proper building and the necessity of taking the work in hand. It was considered that those who had borne the brunt of the work in accumulating the £5000 should not be called upon to collect towards the Building Fund. But nothing was done by others and the labour finally fell on almost the same shoulders.

In the Report for 1926 it was pointed out that in May of 1928 we might be homeless, and it is very greatly to be regretted that there has been so much delay in commencing the new building for there are great difficulties in remaining in our present house till the new Hospital is ready.

HOUSE COMMITTEE AND DISTRICT NURSING.

The general working of the Hospital throughout the year has been most satisfactory. 75 patients were admitted, which again is an advance.

STAFF.

Many serious cases, especially of pneumonia and of accidents, have been treated with marked success and the Matron has done admirable work throughout. She never spares herself and is always ready for any emergency.

There are now two probationers in place of one and a Nurse, and special engagements for night duty have been almost entirely avoided.

DISTRICT NURSING.

The very important work of the District is now in the hands of Nurse Daisy Owen, who has carried it out very conscientiously and extremely well. The following table shows the large amount of work accomplished :

General Nursing Visits	2170
Monthly ditto.	124
Maternity Cases	10
Infant Welfare Visits	180
School do.	147
T. B. do.	127
Casuals	168

Mention should be made of the other nurses who have assisted from time to time.

Thanks are due to Mrs. Owen and Miss Fotheringham, Brynifor, for handsome gifts of linen, Ward Screen Covers, rugs and china : and this opportunity is taken again of thanking all donors for many other gifts received.

The attendances at the House Committee Meetings have been somewhat fitful, which does not tend towards expeditious and smooth working.

BUILDING COMMITTEE.

This Committee have carried out their instructions to proceed with the erection of a new building.

That there have been delays, possibly avoidable, is obvious. But it was considered that every avenue should be carefully explored. Many alternative sites were investigated ; indeed every possible piece of ground within a mile of Dolgelley was viewed, but no single one was free from serious objections. Such objections were not only on the score of expense, but from noise, steep ground, aspect or other serious drawback. Possibly too much latitude was allowed, but till it was conclusively found that the elected site was the best available, the tenders for building were not called for.

Meanwhile the plans were most carefully prepared by Mr. Herbert North in consultation with the Ministry of Health. We believe that the result will be entirely satisfactory and would report that the tender of Mr. J. T. Jones, Cefn, Ruabon, the lowest submitted, has been accepted.

FINANCE CURRENT ACCOUNT.

Taking this account as a whole it is fairly satisfactory, but we regret to show a debit balance of £106 : 0 : 11. You will observe that there was already a debit balance of £24 : 4 : 1 on the previous year's account, so that during 1927 there was a deficiency of £81 : 16 : 10.

This is accounted for through a decrease in the Subscriptions and also in the amount received from "House to House Collections." This decrease amounted to £37 : 15 : 2 as compared to the previous year's accounts.

The Committee appeals to the generosity of the Subscribers to pay their subscriptions on January 1st, and also begs each subscriber to obtain ONE NEW SUBSCRIBER to the Hospital funds during the coming year. A "Bankers' Order Form" is herewith enclosed, and subscribers will greatly assist by filling this form at as early as possible, and sending it to their Bank.

Special attention is called to the great decrease in the amount collected by Churches and Chapels, the total amount received amounting to only £22 : 2 : 6, as compared with £44 : 5 : 10 reported two years ago. We appeal to the Churches and Chapels of the neighbourhood to give their serious attention to this matter, and if the newly formed Evangelical Church Council can assist in this matter we submit they will be doing a very Christian duty.

Examining the "Other side" of the Balance Sheet you will observe that the working of the Hospital is carried out as economically as possible without impairing the efficiency of the Institution. Our thanks are due to the Matron and Staff for the great care they exercise in this matter.

THE BUILDING FUND ACCOUNT.

This is most encouraging. In the last Report issued you will observe that the amount in hand was £604 : 11 : 9. Up to the 15th of May, 1928, it is most satisfactory to see that the amount in hand amounts to £3646 : 9 : 3, and that additional promises bring this amount to the splendid total of £4200.

In commencing the work of another year the Committee appeals for more regular subscribers to the Hospital Funds and feels confident that such an appeal will not be in vain.
